ThinkUKnow

Issues facing young people online.
A presentation for parents, carers and teachers

DO YOU REALLY KNOW WHAT YOUR CHILDREN ARE DOING ON LINE?
CAN THEY HANDLE TODAY'S SOCIAL MEDIA WORLD?
WHAT DO YOU DO IF PROBLEMS/ISSUES ARISE?

ThinkUKnow is an internet safety initiative which aims to raise awareness of the issues which young people face online and whilst using mobile phones. It is a partnership between the Australian Federal Police (AFP) and Microsoft Australia, and is now proudly supported by ninemsn and Datacom.

ThinkUKnow centres on three key areas:
- How youth have fun online/use technology (primary and high school)
- How to help them stay in control on the net and
- How to report when things go wrong (online grooming, cyber-bullying, inappropriate content and e-security)

The presentation will discuss the popular applications used by young people, the risks they may be exposed to and how to minimise these risks and where to report problems. The presentation is tailored for the adult audience and we ask that young people are not present. Session includes short videos and real life case studies.

King Park Public School will be hosting this presentation in the school hall on Tuesday 28th May at 6pm. All parents, carers and teachers are encouraged to attend.

If you would like to attend please contact Robyn Edwards on 9604 7691 or email robyn.edwards1@det.nsw.edu.au

For more information, you can visit the ThinkUKnow Australia website at www.thinkuknow.org.au

Please pass this information on to families and staff at your school.

Thank you
Robyn Edwards
Deputy Principal
